## Off-Road Bikes

The issue of off road bikes has become a problem over the last month due to the increase in temperature.

We have seized one bike under Section 59 of the Police Reform Act: this bike was being used on the road by an underage rider.

We have mounted an active campaign to combat this issue and we will be patrolling regularly to stop the problem.

Posters have been placed in the Beechwood area warning against using off-road bikes irresponsibly and asking people to contact us if they see them.

If you can positively identify these riders please contact us: we can take a statement from you and take positive action.

## BEECHWOOD POLICE SURGERIES

If you would like us to hold a surgery to discuss your local problems please contact us on **01633 245484** (leave a message and we'll get back to you within 24 hours)

# **PRIORITIES DEALT WITH BY THE BEECHWOOD NEIGHBOURHOOD POLICING TEAM**

**(April / May 2010)**

## **Antisocial Behaviour on Heather Road near the shops**

A warning letter has been issued to a youth's parents about general bad behaviour in the Heather Road and Beechwood area.

Any youths seen in the area causing a nuisance are being moved on by the team.

The empty shop on Heather Road is currently being renovated by a new owner. We anticipate that this will not attract the youths when it is up and running.

## **Antisocial Behaviour in Beechwood Park**

We have been patrolling the park regularly and have seen very few issues. One or two youths have been warned about their behaviour, but these incidents have been very minor.

## **OTHER NEWS IN THE BEECHWOOD AREA**

We have been working with other agencies to find positive activities for youths in the Beechwood area. Volunteer work has been found for some of them and they are responding well to the multi-agency approach.

Several police surgeries have been held in conjunction with the fire service to promote safety and security for the elderly. These have been very successful and were well attended. Many positive comments were made by the target audience to say how useful they found it.
